### It's a FUNraiser

We are the fortunate guardians of this beautiful and very spiritual Garden of Eden. Built in 1874 by Fred Fickert, it was the heart of BVS. The history is amazing so we invite you to wander through our beautiful barn, corrals and pastures. We have spent the last 2 1/2 years restoring what we can to its original state. We are planning to expand restoration of this historic treasure to include the Fickert Farrier Shed. We have created original art shingles to fund the restoration.

We are anxious to give back to the community and share her with all of you.  
Michelle & Mark Campbell
